QRZ FROM WARS

The WELLESLEY AMATEUR RADIO SOCIETY will hold its third meeting of the year on Tuesday, November 1st at 7:30 P. M. The Club Room is located in the basement of the Wellesley Hills Branch Library, located at the Northeast corner of the intersection of Routes 16 and 9 (210 Washington Street). Entrance is in the rear.

The featured speaker will be Mr. Bigelow Green, W1EAE, who will speak on traffic handling and the ARRL NATIONAL TRAFFIC SYSTEM. This topic should be of interest both to those familiar with traffic handling, and those desirious of learning of the organization required for such an activity. Mr. Green obtained his license in 1927. He has been active in the National Traffic System for many years. In 1959 he was appointed Group Manager, Eastern Mass. Net, and in 1960 Mr. Green was elected Vice-Director, ARRL, New England Division. It is a pleasure to have Mr. Green speak to us.

The club announcement notices have been sent to you for the first three meetings as the main effort in our new membership drive. As a result we have made new acquaintances with those who have joined us in our activities. We hope that more of you will decide to do so. We will cut down the notice list for future meeting to the following:

1. To regular members
2. To those who have attended at least one of the previous meetings.
3. To those who notify us that they would like to remain on the list.

If you would like to remain on the Club's list, please call Walt Lenk, K1YTY Secretary - Phone 237-9289.
